

A We-Space Experiment on the Island of Bornholm, Denmark 11 – 15 February 2019

Following on from previous we-space experiments in Findhorn and California, a limited number of spaces are available for a smaller group of people to meet with me in Denmark over five days in February, where we will be hosted by Nicky and John in their centre, Yggdrasil Living Wholeness.

This opportunity is for practitioners of my higher frequencies of consciousness work, or for those who have experience of spiritual work and are able to take responsibility for their own personal processes while supporting others. We will be inviting each other to a higher vibration of life through various interpersonal and group processes, noticing the implications and impact of this in consciousness. There may be insight into where we hold back from more life, enabling us to release inner structures at individual and collective levels which no longer serve us, and opening to our next potentials.

Emphasis will be placed on serving our collective conscious evolution as a 'we' rather than primarily on individual development.

There is space for a dozen people to join me, and we're inviting 'expressions of interest' from people who feel called, which we will then attune to, seeking some balance between women and men and between people with previous experience and capacity and those who may bring other qualities.

There will be sessions throughout our days/evenings, conditions may be wintry on the island, and we will prepare and share simple meals together, experiencing *hygge*, the Danish version of cosiness and well-being.

We ask that arrival be on Sunday 10 February only; although it may be possible to stay on locally after the experiment has completed.

Do you feel called? Please write to Nicky and John before Christmas with some words of motivation, at: contact@yggdrasil-wholeness.com

If you are invited to join us then there will be one single payment of 650 euros in order to secure your place in the group, which includes the cost of food.

Information will then be given on local accommodation to be arranged and paid for additionally.

With love, Stephen.
